Claims 1-6 are presented for examination.

The amendments and remarks filed on February 16, 2006 have been received and entered.

Claims 1-6 are rejected under 35 U.S.C. 112 first paragraph for the reasons set forth on pages 2-4 of the office action of November 16, 2005.

Applicant's arguments and remarks have been carefully considered, but are not deemed to be persuasive. Applicant in his arguments refers to the effect of hydroxycitric acid on c-reactive protein which a marker for inflammatory diseases. Applicant has not established a correlation between the effect of the claimed compounds on c-reactive protein, and prevention of all inflammatory conditions of the body. The presented data do not demonstrate the elimination of all inflammatory conditions caused by any purpose in the body. To eliminate inflammation in the body by any single compound has not been established by the state of the art. Thus, for the above reasons the prior rejection sustains.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of
